

Welcome to the Window Expert

**A revolutionary Aluminum
windows & doors by**

Window Expert[®]
Fenestration Professionals

Company Overview:

Window Expert Industries Pvt Ltd was founded in 2004 as a proprietary firm and later restructured and incorporated in 2021 as a private limited company. With a commitment to excellence in the fenestration industry, the company has rapidly established itself as a leader in the Indian market.

Mission:

To become one of the best brands in the world by consistently delivering top-quality products and services.

Vision:

To expand market reach by forming partnerships with channel partners across India and exploring export opportunities, thereby providing the best quality windows to a global audience.

Infrastructure and Technology:

The company boasts a state-of-the-art manufacturing facility spanning 2 lakh square feet, equipped with the latest technology in window manufacturing, toughened glass (Tuff glass), and double-glazed units (DGU) glass manufacturing processes. This advanced infrastructure enables Window Expert to maintain high standards in production efficiency and product quality.

Team:

Backed by an energetic and skilled team, Window Expert Industries is dedicated to innovation and customer satisfaction, positioning itself as the fastest-growing company in the fenestration segment.

Product Standards:

All products manufactured by Window Expert Industries are certified to meet market standards, ensuring reliability and quality that customers can trust.
